

Soak Up Concentrate

If you haven't seen this in action before prepare to want it. Whatever the spill just sprinkle on the crystals and wait for the fluid to turn solid then simply scoop up into a bag or Hoover the area.

Formulated and combined using 21st century polymer technology it will absorb body spillages including blood, vomit and urine and at the same time destroy pathogenic organisms including HIV, Hepatitis and viruses.

- Non flammable
- Non aerosol
- Non toxic
- Completely biodegradable
